SUBSTRATO SUSTENTÁVEL PARA CULTIVAR SUS CULTIVARES

GOOD GARDENER & COCO TERRO POTTING SOIL MIX

Our brand new Coco Terro Potting Soil mix collection has finally arrived!

This compact potting soil mix, fertilized and ready-to-use soil is made from 100% natural coconuts. Light and compact, this potting soil mix will quickly replace bulky pockets of soil in your garden!

The new collection comes in two categories, the **Good Gardener** range for small, compact 1L size for urban or home gardening, indoor or outdoor. The other category, superior **Coco Terro Potting Soil Mix**, is built in larger formats for larger needs and is available in 5L, 10L and 20L formats.

The two new ranges are ready for use and very easy to handle:

- Add a little water and the soil will swell by itself
- This product is already naturally fertilized and ready to use
- Retains moisture better than conventional potting soil

	1 L	5 L	10 L	20 L
#	675-01L	675-05L	675-10L	675-20L
ADD WATER	350 ml	1.75 L	3.5 L	7 L

CASES/PALLET	230	4000	2000	1000

COCO GROW STAKES

Indoor plants in pots or containers need help to climb tall.

These coconut grow sticks are ideal for your climbing ivy, monstera plants, etc. The 100% natural coconut fiber membrane surrounding the stem allows plants to grab onto this organic material and grow properly vertically.

	45 cm	60 cm	90 cm
#	685-45CM	685-60CM	685-90CM
DIAMETER	4.5 cm	4.5 cm	4.5 cm
UNITS/CASE	12	12	12

Input approved for organic agriculture by Ecocert Canada

COCO MULCH

In addition to preventing weeds growth, Coco Terro mulch gives a single and distinctive appearance to flower beds.

- 100 % natural coco nutshell fragments
- Retains moisture, requires less watering
- Adds organic nutrients to your soil
- Compacted and dry material, does not leak like colored mulches
- Contains no color, chemical or other toxic additives
- Neutral pH (5.5 — 6.5)
- Last for 3 years +

Input approved for organic agriculture by Ecocert Canada

COCO PEAT

Ideal for nurseries, tree plantation and urban areas gardening, our Coco Terro peat is a very good substitute for peat moss / better for the environment – renewable resource.

- 100% natural!
- Suitable for all types of plants
- No need for adding chemicals or toxic materials
- Neutral pH (5.5 – 6.5)
- Improves soil drainage and aeration
- Biodegradable, adds organic nutrients to soil
- Last 2 to 3 years

EASY AND
ECO-FRIENDLY

One 4 kg (8.5 lb) **block of Coco mulch** yields 2.5 cubic feet of mulch when water is added which is equivalent to a 56 litres bag of cedar mulch weighting 30 lb and this without taking into account a 15% + compaction rate for cedar.

One 5kg (11 lb) **block of Coco peat** yields 3.3 cubic feet of coco peat after water is added.

	980-MULCH	975-PEAT
BLOCK SIZE	12"X12"X4.5"	11"X11"X4.5"
WEIGHT	4kg	5kg
BLOCKS PER PALLET	216	272

BioDISCS

Best suited for nurseries, tree plantations and even for small cultures in urban areas.

- 100% Natural compressed coconut fibers with latex coating on one side that needs to be face down (latex is a natural adhesive produced by Heveas–rubber trees)
- Biodegradable, enriches the soil with organic materials
- Preserve soil moisture
- Water and fertilizer will go through and mix with soil
- Eliminate the use of toxic products (weed-killer)
- Neutral pH (5.5-6.5)
- Last from 2 to 3 years
- Input approved for organic agriculture by ECOCERT Canada

DECORATIVE
BASKETS AND
ACCESSORIES

PRODUCTION BASKETS

Unleash your imagination and impress your clientele with magnificent flower baskets.

Beautiful and original floral arrangements will make you stand-out from competitors.

OUR FAVORITE!

HALF-BASKET
with COCO LINER
405-D16CO
Case: 6
Width: 16"
Height: 9"
11L soil capacity

Metal-wire basket painted with a top quality black finish. Comes with COCO TERRO top quality coco liner with plastic insert to protect the root system from drought

Decorative basket, see page 22 and following for more details

Simple flower box, see page 16 for more details

PRODUCTION BASKETS FOR VICTORIAN

Planting through the sides of our custom-fitted plastic bag (included) will produce large and luxuriant flower baskets. Within 15 days, the flowers will completely cover the plastic bag.

This sturdy basket is made of galvanized steel wire that won't rust. It firmly holds bag, soil and plugs.

Its flat base facilitates the preparation of floral arrangements and makes transportation easy.

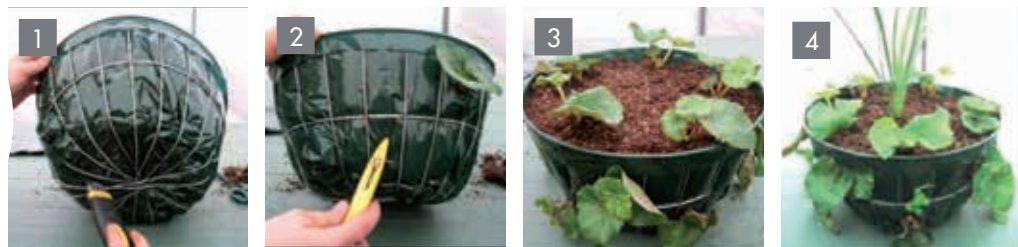

Draining: Drain your basket in piercing the bottom bag every 3rd wire rods.

Floral arrangement?
QUICK AND EASY!
instructions on page 51

ARCH

Your plant will climb to it. Bloom your flower basket and display it on a table, terrace or by the swimming pool. You can use the handle to lift or move the basket.

403-HD16

To be used with the 16" production basket only (#400-J16, not included).

Case: 12

* Do not hang.

Our baskets come with a metal frame and are fitted with a plastic bag.

Ideal for facades, balconies, porches, ramps... any space in need of adornment.

Create harmonious trios:

- baskets
- flower boxes
- half-baskets

Draining: Drain your basket, by piercing the bottom bag every 3rd wire rods.

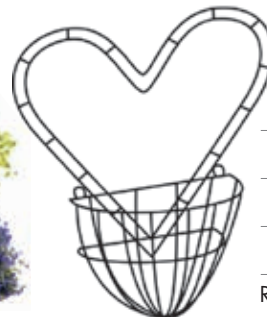

16" half baskets :
Can also be used with
COCO TERRO liners
#401-L16D.
See page 19.

Case: 2

Suggested to attach the fitting:
Size: 3/8" / Length: 1 1/4"
(Not included)

The ideal lamp post adornment.

Our galvanized-steel lamp post basket can handle considerable weight and severe weather conditions.

They come with green plastic bag.
Can also be used with coco liner (see Coco Roll page 10).

422-LAM

Color: Galvanized
Green bag, included
Soil cap. liters: 26
Case: 2 half-baskets (for 1 post)
Replacement bag: 401-LAM (12/cs)

Order for 1 or more posts

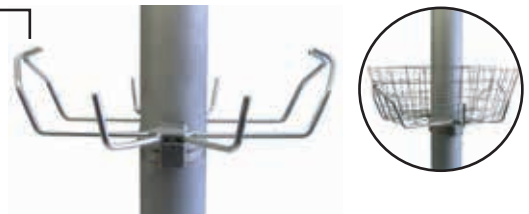

Drain your basket, by piercing the bag bottom every third wire rods.

SUPPORT FOR LAMP POST BASKET

To fasten the lamp post basket shown above. Made of sturdy steel to ensure durability. Can be used year-round. Can easily be installed with two 3/4" stainless steel straps (not-included).

422-SPL

Color: Galvanized
Installation:
For 6" to 10" posts
Case: 2 supports (for 1 post)

ALUMINIUM FITTING

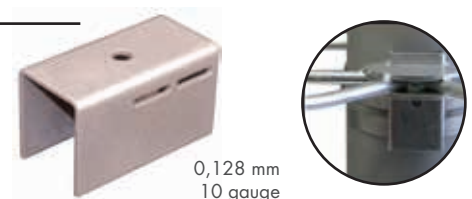

For small posts (4" to 6")

Two fittings required per post.
Attach with two 3/4" X 0,030 mm thick stainless-steel straps (not included).

424-FITT

Color: Galvanized
Case: 2

Order for 1 or more post

0,128 mm
10 gauge

BASE BASKETS

Useful for decorating the base of trees and lamp posts. Avoid disturbing the soil around the roots and protect your trees from accidental injury.

Sturdy and durable construction. Flowers can be set through the sides of the wire mesh as well as on top.

Clear plastic bag included. Coco liner also available (see Coco Roll page 10).

Also available in square or rectangular shape.

875-SOL

Size base: 36" X 12"
Soil capacity (liters): 90
Case: 1 half-basket
Replacement bag: 876-SAC

Base baskets

One Coco
ROLL can line
up to
4 half-baskets.

CONCRETE VASES

Textured concrete flower containers

Imitation natural stone finish. Resistant to freeze and thaw cycles and abrasives. Great stability. Optional ground anchors and adjustable legs.

Available in 6 sizes and 2 colors: beige or charcoal.

Add prestige and elegance to a home with flower towers. Use on streets to narrow passageways and slow traffic.

Soil and plants ensure stability. Easy to maintain: water through the central tube to irrigate the full height of the column.

Reusable and sturdily built, a tower can be dismantled in two sections for storage.

Kit for 48" tower includes:

- Metal tower
- Perforated irrigation tube
- Universal base fitting
- Plastic bag
- Barrel not included.
(Except when ordered with 790-COMBO)

Can reach 72" when in full bloom!

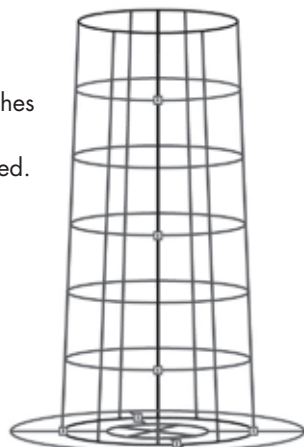

SMALL TOWER

407-F24

Height: 24 inches
 Diameter: 10 inches
 Diameter of base: 16 inches
 12 per case
 Green plastic bag included.

Replacement bag:
 401-H (24 per case)

Drain, by piercing the bottom bag between every 3 wire rods.

GRAND TOWER

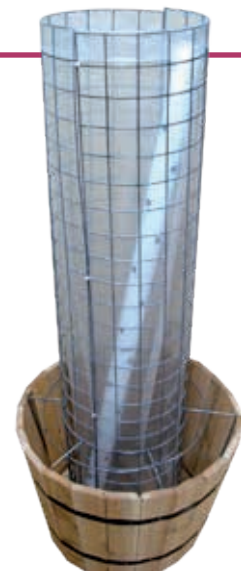

790-STRUC

Height: 48 inches
 Diameter: 12 inches
 Soil cap.: 80 liters
 1 per case
 Transparent plastic bag included
 * Barrel not included.

790-COMBO

Grand tower with 21" barrel included

Replacement bag:
 791-SAC (12 per case)

HANGING SUPPORT FOR 4 POTS

Quadruple your potted plant production with our one gallon pot support.

With this support, you can produce large quantities and many varieties of perennials while making the most of the free space in your greenhouse. An automatic watering system can easily be used.

This product is designed to hold the pots level. It requires a four-strand hook (sold separately). You can also add an extension hook for production at different levels. (See page 17).

FLORAL ARRANGEMENTS MADE QUICK AND EASY

- 1** Make incisions at every third wire in the bottom of the basket to ensure drainage.
- 2** Make incisions around the sides of the basket at every second or third square, depending on the production lead time you have available. (Tighter planting yields an ample basket more quickly)
- 3** Put your cuttings in the sides, the cut end up and the root down to reduce water loss. Finish the top by planting 1.5" from the edge. Alternate your plants with the plants on the sides to fill empty spaces.
- 4** Attach the hook and water generously. Check soil compaction before hanging.

OUR CUSTOM PRODUCTS

Making sure you get the exact product you need is the core purpose of our business.

To compete, your business must optimize its production and retailing methods. Multi-Formes is the right partner for you!

We can design and manufacture the products that will fit your needs and specifications. Our team is capable of making the most complex metal-wire products. Let us know what you need - a rough drawing will do - and after only a few days, you will have a prototype in your hands.

Multi-Formes can manufacture and customize products according to your specific needs.

Follow us on social media

Multi-Formes has made sustained efforts to increase its presence on social media, where you can now follow our most recent news and exclusives. You can now follow the news of **Multi-Formes** and Coco Terro on Facebook, but also on the official Coco Terro Instagram account.

Coco Terro points of sale

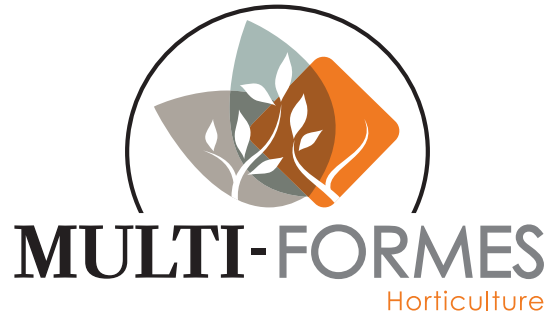

Online

Interesting novelty: on the Coco Terro website, we now have an interactive map of the points of sale of our products. We therefore display all the garden centers or shops that distribute our products such as mulch and coco peat, but also our new products such as potting soil and Coco grow stakes. This map provides visibility to our partner companies and allows us to provide greater accessibility to our products. You can contact us if you want to distribute our products or be part of this list in the future!

Visit **cocoterro.com** for details.

Looking at the future

With the past year marked by a pandemic and a global crisis, many businesses that had yet to go digital have decided to make the switch. At **Multi-Formes**, thanks to these new platforms, we are looking to the future to be more easily accessible and to be able to promote our **Multi-Formes** products as well as our various Coco Terro collections.

TERMS AND CONDITIONS

Price

Our prices are "Ex Works" or FOB our Warehouse and may be modified at any time without notice.

Payment terms

Our regular payment terms are Net 30 days from date of shipment. In order to obtain credit terms, a customer must fill the appropriate form. After review, Multi-Formes will establish if any, the amount of credit a customer may use. A 2% monthly administrative fee, calculated daily will apply to any past due account. The first order must be paid in full before shipment.

Means of payment

All accounts may be settled by cash, cheque, electronic money transfer or through credit cards. Only VISA and MASTERCARD credit cards are accepted.

Delivery

Multi-Formes will ship all orders in the most efficient and economic way possible at the time of shipment. All orders will be shipped without back orders as much as possible.

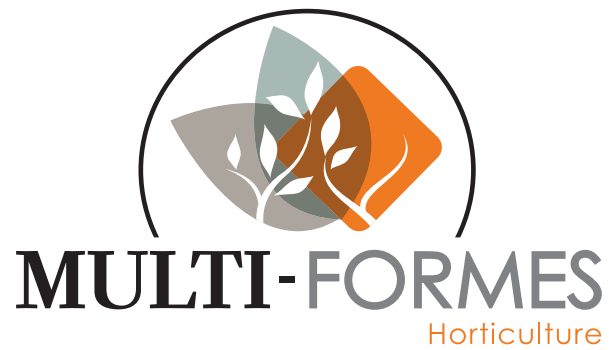

Order cancellation

When confirmed, an order cannot be cancelled without the express authorization of Multi-Formes.

Returns and claims

All claims must be made within 10 days of receipt of the goods. After that date, all goods are presumed to have been received in good conditions and with the right quantities. No returns will be accepted without the written approbation of Multi-Formes. A minimum fee of 15% of sales price of the goods returned will be charged to the customer as a special handling charge. Freight cost for returned goods are to be absorbed by the customer and the returned goods must be in their original packaging and must not have been used or otherwise damaged. No return will be accepted past 30 days from date of shipment.
